

YOUR SAFETY IS OUR #1 PRIORITY

We invite you to explore the ways we are keeping our venues and lobbies safe for you and our community.

Duke Energy Center
for the Performing Arts

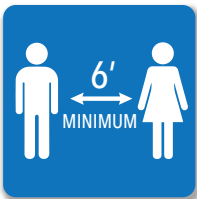

GBAC STAR™ is the cleaning industry's only outbreak prevention, response, and recovery accreditation for facilities and our Complex is the first multi-venue accreditation in North Carolina.

Enhanced Cleaning

All high-touch areas will be cleaned frequently throughout the day, including the use of electrostatic sprayers.

Social Distancing

Social distancing will be enforced and seating in venues will be arranged in "pods".

Face Coverings Required

Face masks are required for everyone per local and state mandates.

Hand Sanitizer

Additional hand sanitizer stations have been added throughout the venues.

Temperature Checks

All guests, performers, and staff are required to complete a wellness screening prior to entering, which includes the use of a touchless wrist thermometer.

Security Screening

A new security screening is also now required, including the use of metal detectors. Bag size restrictions will also be enforced and no bags larger than 12x12x10 will be allowed.

Touchless Ticket Scanning

Touchless payment options are encouraged at our Box Office and when available tickets will be contact-free, with guests receiving digital tickets.
